Front Single shock absorber
Front fitting kit
Rear Single shock absorber
Rear fitting kit

- > BP-51 shock absorbers feature revolutionary technology developed to deliver unparalleled on and off-road performance for your Land Rover.
- > Developed and tested under the harshest conditions in Australia.
- > Designed to bolt onto your vehicle without any vehicle modifications.
- > Considerable ride comfort around town is combined with significant end-zone damping for exceptional control and handling off-road.
- > Easily adjustable damping performance across both rebound and compress.

Vehicle Specific Applications

- > No fitting modifications are needed.
- > Fit kits developed specifically for the Defender.
- > All reservoir brackets have been integrated into the geometry of the Defender 110/130.
- > Included in the front fit kit is a replacement front shock turret, front sway spacers, front bump stop spacers and reservoir mount assembly.
- > Included in the rear fit kit is a replacement rear upper shock mount, rear sway spacers, rear bump stop spacers and reservoir mount assembly.
- > Spring selection must be from the current OME Defender long travel application.
