What a perfect gift for any little Land Rover fan!

Fully licensed by Land Rover, these Defender 12V electric toys are suitable for children aged 3 to 8. These toys are well equipped with features such as EVA wheels for reduced 'road noise', shock absorbers for a comfortable ride and working LED lights. MP3 connectivity means your little ones can listen to their favourite music as they drive around. The cars can be controlled by either the child driving or by a parent with the remote control handset. 2.7GHz radio control ensures each car has its own frequency so can't be controlled by anything else - ideal if you have two Defenders in the same location. With opening doors, entry to the vehicle is nice and easy. Maximum load capacity - 30kg
Size - 1,400 x 750 x 650mm / Weight - 29.5kg
